SEC. 8123. Whereas the Congress supports the President's goal of reducing United States and Soviet conventional forces in Europe and reducing United States and Soviet strategic nuclear forces;

Whereas it is important the Congress and the President be in agreement on United States national security goals and objectives in order for the United States to be in the strongest possible position to negotiate with the Soviet Union future reductions in conventional and strategic nuclear forces;

Whereas the Congress strongly opposes the undercutting of these arms reduction negotiations by either the United States or the Soviet Union through unnecessary military initiatives or counter-productive arms control proposals;

Whereas no decision has been made on the development or deployment of strategic defenses:

Research and
development.

Therefore, it is the sense of the Congress that—

(1) in order to maintain the basis for strong deterrence, the Strategic Defense Initiative (SDI) should be a long-term and robust research program to provide the United States with expanded options for responding to a Soviet breakout from the 1972 Anti-Ballistic Missile Treaty and to respond to other future Soviet arms initiatives that might pose a grave threat to United States national security;

(2) by expanding potential United States strategic options the SDI research program can enhance United States leverage in the United States-Soviet arms reduction negotiations and serve as a safeguard for ensuring that negotiated agreements are kept;

(3) future research plans and budgets for SDI must be established using realistic projections of available resources in the overall defense budget and must not undercut other important Department of Defense programs; and

(4) in matching research priorities against available resources, the primary emphasis of SDI should be to explore promising new technologies, such as directed energy technologies, which might have long-term potential to defend against a responsive Soviet offensive nuclear threat.

(b) None of the funds appropriated to the Department of Defense by this or any other Act for fiscal year 1989 shall be available to pay the variable housing allowance authorized members of the uniformed services under section 403a of title 37, United States Code, and the payments authorized by subsection (a) of this section in a total amount in excess of \$1,220,000,000: *Provided*, That any reduction in the rates of the variable housing allowance necessitated by the foregoing limitation shall be made as provided in section 403a of title 37, United States Code.

SEC. 8125. (a)(1) Not later than March 1, 1989, the Secretary of Defense shall submit to Congress a report on the assignment of military missions among the member countries of North Atlantic Treaty Organization (NATO) and on the prospects for the more effective assignment of such missions among such countries.

Reports.
10 USC 113 note.

(2) The report shall include a discussion of the following:

(A) The current assignment of military missions among the member countries of NATO.

(B) Military missions for which there is duplication of capability or for which there is inadequate capability within the current assignment of military missions within NATO.

(C) Alternatives to the current assignment of military missions that would maximize the military contributions of the member countries of NATO.

(D) Any efforts that are underway within NATO or between individual member countries of NATO at the time the report is submitted that are intended to result in a more effective assignment of military missions within NATO.

(b) The Secretary of Defense and the Secretary of State shall (1) conduct a review of the long-term strategic interests of the United States overseas and the future requirements for the assignment of members of the Armed Forces of the United States to permanent duty ashore outside the United States, and (2) determine specific actions that, if taken, would result in a more balanced sharing of

- (c) The President shall appoint an Ambassador at Large responsible to the President who shall have the responsibility for ensuring a more balanced sharing of defense costs by the NATO members, Japan, the Republic of Korea, and other countries allied to the United States. Such responsibilities shall include negotiations for burdensharing including increased in-kind and financial support by such countries for Department of Defense military units and personnel assigned to permanent duty ashore outside the United States in support of the security of such countries, and multi-lateral foreign assistance costs: *Provided*, That the Ambassador at Large should review (1) trade restrictions that require German utilities to purchase German-produced coal to the exclusion of foreign coal, including United States coal, and (2) the extent to which the tax on electricity used to subsidize German coal producers is borne by American military installations, American military dependents, or American civilians who support our military installations. The Ambassador at Large should prepare an economic analysis on the comparison of using German versus United States coal at defense facilities in Europe. This analysis should address the issues of all direct subsidies provided on German coal and restrictions imposed on imported coal and should be submitted to the Department of Defense, State, and Commerce for use in their study on the economic benefits of using coal at defense facilities in Europe.
- (d) The President shall specify (separately by appropriation account) in the Department of Defense items included in the budgets submitted to Congress under section 1105 of title 31, United States Code, for fiscal years after fiscal year 1989 the amounts necessary for payment of all personnel, operations, maintenance, facilities, and support costs for Department of Defense overseas military units, and the costs for all dependents who accompany Department of Defense personnel outside the United States.
- (e) Not later than May 1, 1989, the Secretary of Defense shall submit to the Committees on Armed Services and on Appropriations of the Senate and the House of Representatives a report that sets forth the total costs required to support the dependents who accompany Department of Defense personnel assigned to permanent duty overseas.
- (f) As of September 30 of each fiscal year after fiscal year 1989, the number of members of the Armed Forces on active duty assigned to permanent duty ashore in Japan and the Republic of Korea may not exceed 94,450 (the number of members of the Armed Forces on active duty assigned to permanent duty ashore in Japan and the Republic of Korea on September 30, 1987). The limitation provided for the preceding sentence may be increased if and when a major reduction of United States forces in the Republic of the Philippines is required because of a loss of basing rights in that nation, and the President determines and certifies to Congress that, as a consequence of such loss, an increase in United States forces stationed in Japan and the Republic of Korea is necessary.
- (g)(1) After fiscal year 1990, Department of Defense budget submissions to Congress under section 1105 of title 31, United States Code, shall identify funds requested for Department of Defense

personnel and units in permanent duty stations ashore outside the United States that exceed the amount of such costs incurred in fiscal year 1989, and shall detail: (A) a description of the types of expenditures increased, by appropriation account, activity and program; and (B) specific efforts to obtain allied host nations' financing for these cost increases.

(2) The Secretary of Defense shall notify in advance the Committees on Appropriations and Armed Services of the House and Senate through existing notification procedures, when costs of maintaining Department of Defense personnel and units in permanent duty stations ashore will exceed the amounts as defined in the Department of Defense budget as enacted for that fiscal year. Such notification shall describe: (A) the type of expenditures that increased; and (B) the source of funds (including prior year unobligated balances) by appropriation account, activity and program, proposed to finance these costs.

Government organization and employees.

(3) In computing the costs incurred for maintaining Department of Defense personnel and forces in permanent duty stations ashore outside the United States compared with the amount of such costs incurred in fiscal year 1989, the Secretary shall—

(A) exclude increased costs resulting from increases in the rates of pay provided for members of the Armed Forces and civilian employees of the United States Government and exclude any cost increases in supplies and services resulting from inflation; and

Wages.

(B) include (i) the costs of operation and maintenance and of facilities for the support of Department of Defense overseas personnel, and (ii) increased costs resulting from any decline in the foreign exchange rate of the United States dollar.

(h) The provisions of subsections (f) and (g) shall not apply in time of war or during a national emergency declared by the President or Congress.

(i) In this section—

(1) the term "personnel" means members of the Armed Forces of the United States and civilian employees of the Department of Defense;

(2) the term "Department of Defense overseas personnel" means those Department of Defense personnel who are assigned to permanent duty ashore outside the United States; and

(3) the term "United States" includes the District of Columbia, the Commonwealth of Puerto Rico, and the territories and possessions of the United States.

(c) **COMMITTEE ACTION.**—(1) If the Committee on Foreign Relations has not reported such joint resolution (or an identical joint resolution) at the end of 3 session days after its introduction, such Committee shall be discharged from further consideration of such joint resolution, and such joint resolution shall be placed on the appropriate calendar of the Senate.

(2) After the Committee on Foreign Relations reports or is discharged from a joint resolution, no other joint resolution with respect to the same matter may be reported by or be discharged from such Committee while the first joint resolution is before the Senate (including remaining on the calendar), a committee of conference, or the President.

(d) FLOOR ACTION.—(1) When the Committee on Foreign Relations has reported, or has been discharged under subsection (c) from further consideration of such joint resolution, notwithstanding any rule or precedent of the Senate, including Rule 22, it is at any time thereafter in order (even though a previous motion to the same effect has been disagreed to) for the Majority Leader, after consultation with the Minority Leader, to move to proceed to the consideration of the joint resolution and, except as provided in paragraph (2) of this subsection (insofar as it relates to germaneness and relevancy of amendments), all points of order against the joint resolution and consideration of the joint resolution are waived. The motion is privileged in the Senate and is not debatable. The motion is not subject to a motion to postpone. A motion to reconsider the vote by which the motion is agreed to or disagreed to shall be in order, except that such motion may not be entered for future disposition. If a motion to proceed to the consideration of the joint resolution is agreed to, the joint resolution shall remain the unfinished business of the Senate, to the exclusion of all other business, until disposed of.

(2)(A) Consideration in the Senate of the joint resolution, and all amendments and debatable motions in connection therewith, shall be limited to not more than 10 hours, which, except as otherwise provided in this section, shall be equally divided between, and controlled by, the Majority Leader and the Minority Leader, or by their designees. The Majority Leader or the Minority Leader or their designees may, from the time under their control on the joint resolution, allot additional time to any Senator during the consideration of any amendment, debatable motion, or appeal.

(B)(i) Subject to subparagraph (ii), only amendments which are germane and relevant to the joint resolution are in order. Debate on any amendment to the joint resolution shall be limited to 2 hours, except that debate on any amendment to an amendment shall be limited to 1 hour. The time of debate for each amendment shall be equally divided between, and controlled by, the mover of the amendment and the manager of the joint resolution, except that in the event the manager is in favor of any such amendment, the time in opposition thereto shall be controlled by the Minority Leader or his designee.

(ii) It shall be in order for the Majority Leader or the Minority Leader to offer one amendment to strike out the text of the House originated measure and insert in lieu thereof the following text: "That the Congress hereby authorizes the President to transport to the Nicaraguan Resistance all previously appropriated assistance held in title by the Nicaraguan Resistance and provides, if requested, (A) the authority for the interchangeability of the assistance with certain equipment, and (B) the transportation of humanitarian and military assistance in the same transportation system."

(C) A motion to postpone the joint resolution is not in order. A motion to reconsider the vote by which the joint resolution is agreed to or disagreed to is in order, except that such motion may not be entered for future disposition, and debate on such motion shall be limited to 1 hour.

(3) Whenever all the time for debate on a joint resolution has been used or yielded back, no further amendments may be proposed, and the vote on the adoption of the joint resolution shall occur, except that a single quorum call at the conclusion of the debate if requested in accordance with the rules of the Senate may occur immediately before such vote.

(4) Appeals from the decisions of the Chair relating to the application of the Rules of the Senate to the procedure relating to a joint resolution shall be limited to one-half hour of debate, equally divided between, and controlled by, the Senator making the appeal and the manager of the joint resolution, except that in the event the manager is in favor of any such appeal, the time in opposition thereto shall be controlled by the Minority Leader or his designee.

(e) RESOLUTION OF DIFFERENCES BETWEEN THE HOUSE AND THE SENATE.—(1)(A) The time for debate in a House of Congress on all motions required for the disposition of amendments between the Houses shall not exceed 2 hours, equally divided between, and controlled by, the mover of the motion and the manager of the joint resolution at each stage of the proceedings between the two Houses, except that in the event the manager is in favor of any such motion, the time in opposition thereto shall be controlled by the Minority Leader or his designee. In the case of any disagreement between the two Houses of Congress with respect to a joint resolution which is not resolved, any Member of Congress may make any motion or motions referred to in this subparagraph within 2 session days after action by the second House or before the appointment of conferees, whichever comes first. In the event the conferees are unable to agree within 72 hours after the second House is notified that the first House has agreed to conference, they shall report back to their respective House in disagreement.

Reports.

(B) Notwithstanding any rule in either House of Congress concerning the printing of conference reports in the Congressional Record or concerning any delay in the consideration of such reports, such report, including a report filed or returned in disagreement, shall be acted on in the House of Representatives and the Senate not later than 2 session days after the first House files the report or, in the case of the Senate acting first, the report is first made available on the desks of the Senators. Debate in a House of Congress on a conference report or a report filed or returned in disagreement on any such joint resolution shall be limited to 3 hours, equally divided between, and controlled by, the Majority Leader and the Minority Leader, and their designees.

(2) If a joint resolution is vetoed by the President, the time for debate in consideration of the veto message on such measure shall be limited to 6 hours in each House of Congress, equally divided between, and controlled by, the Majority Leader and the Minority Leader, or their designees.

(f) CONGRESSIONAL RULEMAKING POWERS.—This section is enacted by the Congress—

(1) as an exercise of the rulemaking power of the Senate and House of Representatives, respectively, and as such it is deemed a part of the rules of each House, (insofar as it applies to that House), but applicable only with respect to the procedure to be followed in that House in the case of legislation described in this section, and it supersedes other rules only to the extent that it is inconsistent with such rules; and

(2) with full recognition of the constitutional right of either House to change the rules (so far as relating to the procedure of that House) at any time, in the same manner, and to the same extent as in the case of any other rule of that House.
