TITLE I

SEC. 101. (a) Such amounts as may be necessary under the authority and conditions provided in the applicable appropriations Act for the fiscal year 1995 including the authority and conditions provided in emergency supplemental appropriations Acts for fiscal year 1995 for continuing projects or activities, except for those projects and activities provided for in Public Law 104-91 and Public Law 104-92, including the costs of direct loans and loan guarantees (not otherwise specifically provided for in this Act) which were conducted in the fiscal year 1995 and for which appropriations, funds, or other authority would be available in the following appropriations Act as passed each House, excluding conference reports:

The Department of the Interior and Related Agencies Appropriations Act, 1996; and

The Departments of Labor, Health and Human Services, and Education, and Related Agencies Appropriations Act, 1996: *Provided*, That whenever the amount which would be made available or the authority which would be granted in these Acts is greater than that which would be available or granted under current operations, the pertinent project or activity shall be continued at a rate for operations not exceeding the current rate.

(b) Whenever the amount which would be made available or the authority which would be granted under an Act listed in this section as passed by the House as of the date of enactment of this Act, is different from that which would be available or granted under such Act as passed by the Senate as of the date of enactment of this Act, the pertinent project or activity shall be continued at a rate for operations not exceeding the current rate or the rate permitted by the action of the House or the Senate, whichever is lower, under the authority and conditions provided in the applicable appropriations Act for the fiscal year 1995: *Provided*, That where an item is not included in either version or where an item is included in only one version of the Act as passed

by both Houses as of the date of enactment of this Act, the pertinent project or activity shall not be continued except as provided for in section 111 under the appropriation, fund, or authority granted by the applicable appropriations Act for the fiscal year 1995 and under the authority and conditions provided in the applicable appropriations Act for the fiscal year 1995.

(c) Whenever an Act listed in this section has been passed by only the House or only the Senate as of the date of enactment of this Act, the pertinent project or activity shall be continued under the appropriation, fund, or authority granted by the one House at a rate for operations not exceeding the current rate or the rate permitted by the action of the one House, whichever is lower, and under the authority and conditions provided in the applicable appropriations Act for the fiscal year 1995: *Provided*, That where an item is funded in the applicable appropriations Act for the fiscal year 1995 and not included in the version passed by the one House as of the date of enactment of this Act, the pertinent project or activity shall not be continued except as provided for in section 111 under the appropriation, fund, or authority granted by the applicable appropriations Act for the fiscal year 1995 and under the authority and conditions provided in the applicable appropriations Act for the fiscal year 1995.

SEC. 102. Appropriations made by section 101 shall be available to the extent and in the manner which would be provided by the pertinent appropriations Act.

SEC. 103. No appropriations or funds made available or authority granted pursuant to section 101 shall be used to initiate or resume any project or activity for which appropriations, funds, or other authority were not available during the fiscal year 1995.

SEC. 104. No provision which is included in an appropriations Act enumerated in section 101 but which was not included in the applicable appropriations Act for fiscal year 1995 and which by its terms is applicable to more than one appropriation, fund, or authority shall be applicable to any appropriation, fund, or authority provided in this title of this Act.

SEC. 105. Appropriations made and authority granted pursuant to this title of this Act shall cover all obligations or expenditures incurred for any program, project, or activity during the period for which funds or authority for such project or activity are available under this Act.

Coverage.

SEC. 106. Unless otherwise provided for in this title of this Act or in the applicable appropriations Act, appropriations and funds made available and authority granted pursuant to this title of this Act shall be available until (a) enactment into law of an appropriation for any project or activity provided for in this title of this Act, or (b) the enactment into law of the applicable appropriations Act without any provision for such project or activity, or (c) March 15, 1996, whichever first occurs.

Termination date.

SEC. 107. This title of this Act shall be implemented so that only the most limited funding action of that permitted in this title of this Act shall be taken in order to provide for continuation of projects and activities.

SEC. 108. Expenditures made pursuant to this title of this Act shall be charged to the applicable appropriation, fund, or authorization whenever a bill in which such applicable appropriation, fund, or authorization is contained is enacted into law.

SEC. 109. No provision in the appropriations Act for the fiscal year 1996 referred to in section 101 of this Act that makes the availability of any appropriation provided therein dependent upon the enactment of additional authorizing or other legislation shall be effective before the date set forth in section 106(c) of this Act.

SEC. 110. Appropriations and funds made available by or authority granted pursuant to this title of this Act may be used without regard to the time limitations for submission and approval of apportionments set forth in section 1513 of title 31, United States Code, but nothing herein shall be construed to waive any other provision of law governing the apportionment of funds.

SEC. 111. Notwithstanding any other provision of this title of this Act, except section 106, whenever an Act listed in section 101 as passed by both the House and the Senate as of the date of enactment of this Act, does not include funding for an ongoing project or activity for which there is a budget request, or whenever an Act listed in section 101 has been passed by only the House or only the Senate as of the date of enactment of this Act, and an item funded in fiscal year 1995 is not included in the version passed by the one House, or whenever the rate for operations for an ongoing project or activity provided by section 101 for which there is a budget request would result in the project or activity being significantly reduced, the pertinent project or activity may be continued under the authority and conditions provided in the applicable appropriations Act for the fiscal year 1995 by increasing the rate for operations provided by section 101 to a rate for operations not to exceed one that provides the minimal level that would enable existing activities to continue. No new contracts or grants shall be awarded in excess of an amount that bears the same ratio to the rate for operations provided by this section as the number of days covered by this title of this Act bears to 366. For the purposes of this title of this Act, the minimal level means a rate for operations that is reduced from the current rate by 25 percent.

Furloughs.

SEC. 112. Notwithstanding any other provision of this title of this Act, except section 106, whenever the rate for operations for any continuing project or activity provided by section 101 or section 111 for which there is a budget request would result in a furlough of Government employees, that rate for operations may be increased to the minimum level that would enable the furlough to be avoided. No new contracts or grants shall be awarded in excess of an amount that bears the same ratio to the rate for operations provided by this section as the number of days covered by this Act bears to 366: *Provided*, That the first sentence of section 112 shall not apply except to furloughs that exceed one workday per pay period for the affected workforce during the period of January 26, 1996 through March 15, 1996.

SEC. 113. Notwithstanding any other provision of this title of this Act, except sections 106 and 111, for those programs that had high initial rates of operation or complete distribution of funding at the beginning of the fiscal year in fiscal year 1995 because of distributions of funding to States, foreign countries, grantees, or others, similar distributions of funds for fiscal year 1996 shall not be made and no grants shall be awarded for such programs funded by this title of this Act that would impinge on final funding prerogatives.

SEC. 114. Notwithstanding any other provision of this title of this Act, except section 106, any distribution of funding under the Rehabilitation Services and Disability Research account in the Department of Education may be made up to an amount that bears the same ratio to the rate for operation for this account provided by this title of this Act as the number of days covered by this title of this Act bears to 366.

SEC. 115. Notwithstanding any other provision of this Act, except section 106, the rate for operations of the following projects or activities shall be only the minimum necessary to accomplish orderly termination:

(b) All obligations incurred in anticipation of the appropriations made and the authority granted by this title of this Act for the purposes of maintaining the essential level of activity to protect life and property and bring about orderly termination of Government functions are hereby ratified and approved if otherwise in accord with the provisions of this title of this Act.
