[S. 490]

To authorize the Secretary of the Interior to construct, operate, and maintain the Manson unit, Chelan division, Chief Joseph Dam project, Washington, and for other purposes.

Chief Joseph
Dam project,
Manson unit.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That, for the purposes of supplying irrigation water for approximately five thousand eight hundred acres of land, undertaking the rehabilitation and betterment of works serving a major portion of these lands, conservation and development of fish and wildlife resources, and enhancement of recreation opportunities, the Secretary of the Interior is authorized to construct, operate, and maintain the Manson unit, Chelan division, Chief Joseph Dam project, Washington, in accordance with the Federal reclamation laws (Act of June 17, 1902, 32 Stat. 388, and Acts amendatory thereof or supplementary thereto). The principal works of the unit shall consist of dams and related works for enlargement of Antilon Lake storage, related canals, conduits, and distribution systems, and works incidental to the rehabilitation of the existing irrigation system.

43 USC 391.

Irrigation repay-
ment contracts.

SEC. 2. Irrigation repayment contracts shall provide for repayment of the obligation assumed thereunder with respect to any contract unit over a period of not more than fifty years exclusive of any development period authorized by law. Construction costs allocated to irrigation beyond the ability of the irrigators to repay during the repayment period shall be returned to the reclamation fund within said repayment period from revenues derived by the Secretary from the disposition of power marketed through the Bonneville Power Administration. The term "construction costs", as used herein, shall include any irrigation operation, maintenance, and replacement costs during the development period which the Secretary finds it proper to fund because they are beyond the ability of the irrigators to pay during that period. Power and energy required for irrigation water pumping for the Manson unit shall be made available by the Secretary from the Federal Columbia River power system at charges determined by the Secretary.

costs."

Fish and wild-
life resources and
recreation.

SEC. 3. The conservation and development of the fish and wildlife resources and the enhancement of recreation opportunities in connection with the Manson unit shall be in accordance with provisions of the Federal Water Project Recreation Act (79 Stat. 213).

16 USC l-12 note.

SEC. 4. For a period of ten years from the date of enactment of this Act, no water shall be delivered to any water user on the Manson unit,

Chelan division, for the production on newly irrigated lands of any basic agricultural commodity, as defined in the Agricultural Act of 1949, or any amendment thereof, if the total supply of such commodity for the marketing year in which the bulk of the crop would normally be marketed is in excess of the normal supply as defined in section 301(b) (10) of the Agricultural Adjustment Act of 1938, as amended, unless the Secretary of Agriculture calls for an increase in production of such commodity in the interest of national security.

7 USC 1421
note.

62 Stat. 1251.
7 USC 1301.

Appropriation.

SEC. 5. There are hereby authorized to be appropriated for construction of the new works involved in the Manson unit, \$13,344,000 (April 1965 prices), plus or minus such amounts, if any, as may be required by reason of changes in the cost of construction work of the types involved therein as shown by engineering cost indexes and, in addition thereto, such sums as may be required to operate and maintain said unit.
