SEC. 3. (a) Section 601 of the Act (20 U.S.C. 1401) is amended by inserting "(a)" immediately before "This title" and by adding at the end thereof the following new subsections:

"(b) The Congress finds that—

"(1) there are more than eight million handicapped children in the United States today;

"(2) the special educational needs of such children are not being fully met;

"(3) more than half of the handicapped children in the United States do not receive appropriate educational services which would enable them to have full equality of opportunity;

"(4) one million of the handicapped children in the United States are excluded entirely from the public school system and will not go through the educational process with their peers;

"(5) there are many handicapped children throughout the United States participating in regular school programs whose handicaps prevent them from having a successful educational experience because their handicaps are undetected;

"(6) because of the lack of adequate services within the public school system, families are often forced to find services outside the public school system, often at great distance from their residence and at their own expense;

"(7) developments in the training of teachers and in diagnostic and instructional procedures and methods have advanced to the point that, given appropriate funding, State and local educational agencies can and will provide effective special education and related services to meet the needs of handicapped children;

“(8) State and local educational agencies have a responsibility to provide education for all handicapped children, but present financial resources are inadequate to meet the special educational needs of handicapped children; and

“(9) it is in the national interest that the Federal Government assist State and local efforts to provide programs to meet the educational needs of handicapped children in order to assure equal protection of the law.

“(c) It is the purpose of this Act to assure that all handicapped children have available to them, within the time periods specified in section 612(2) (B), a free appropriate public education which emphasizes special education and related services designed to meet their unique needs, to assure that the rights of handicapped children and their parents or guardians are protected, to assist States and localities to provide for the education of all handicapped children, and to assess and assure the effectiveness of efforts to educate handicapped children.”

Ante, p. 773.

The provisions of section 616 shall apply to any such application.

In case additional funds become available for making such payments for any fiscal year during which the preceding sentence is applicable, such reduced amounts shall be increased on the same basis as they were reduced.

“(2) In the case of any fiscal year in which the maximum amounts for which States are eligible have been reduced under the first sentence of paragraph (1), and in which additional funds have not been made available to pay in full the total of such maximum amounts under the last sentence of such paragraph, the State educational agency shall fix dates before which each local educational agency or intermediate educational unit shall report to the State educational agency on the amount of funds available to the local educational agency or intermediate educational unit, under the provisions of subsection (d), which it estimates that it will expend in accordance with the provisions of this part. “(B) a free appropriate public education will be available for all handicapped children between the ages of three and eighteen within the State not later than September 1, 1978, and for all handicapped children between the ages of three and twenty-one within the State not later than September 1, 1980, except that, with respect to handicapped children aged three to five and aged eighteen to twenty-one, inclusive, the requirements of this clause shall not be applied in any State if the application of such require-

ments would be inconsistent with State law or practice, or the order of any court, respecting public education within such age groups in the State;

“(C) all children residing in the State who are handicapped, regardless of the severity of their handicap, and who are in need of special education and related services are identified, located, and evaluated, and that a practical method is developed and implemented to determine which children are currently receiving needed special education and related services and which children are not currently receiving needed special education and related services;

“(D) policies and procedures are established in accordance with detailed criteria prescribed under section 617(c); and

“(E) the amendment to the plan submitted by the State required by this section shall be available to parents, guardians, and other members of the general public at least thirty days prior to the date of submission of the amendment to the Commissioner.

Such materials or procedures shall be provided and administered in the child's native language or mode of communication, unless it clearly is not feasible to do so, and no single procedure shall be the sole criterion for determining an appropriate educational program for a child.

“(6) The State educational agency shall be responsible for assuring that the requirements of this part are carried out and that all educational programs for handicapped children within the State, including all such programs administered by any other State or local agency, will be under the general supervision of the persons responsible for educational programs for handicapped children in the State educational agency and shall meet education standards of the State educational agency.

“(2)(A) In any case in which a consolidated application of local educational agencies is approved by a State educational agency under paragraph (1), the payments which such local educational agencies may receive shall be equal to the sum of payments to which each such local educational agency would be entitled under section 611(d) if an individual application of any such local educational agency had been approved.

No hearing conducted pursuant to the requirements of this paragraph shall be conducted by an employee of such agency or unit involved in the education or care of the child.

“(c) If the hearing required in paragraph (2) of subsection (b) of this section is conducted by a local educational agency or an intermediate educational unit, any party aggrieved by the findings and decision rendered in such a hearing may appeal to the State educational agency which shall conduct an impartial review of such hearing. The officer conducting such review shall make an independent decision upon completion of such review.

“(d) Any party to any hearing conducted pursuant to subsections (b) and (c) shall be accorded (1) the right to be accompanied and advised by counsel and by individuals with special knowledge or training with respect to the problems of handicapped children, (2) the right to present evidence and confront, cross-examine, and compel the attendance of witnesses, (3) the right to a written or electronic verbatim record of such hearing, and (4) the right to written findings of fact and decisions (which findings and decisions shall also be transmitted to the advisory panel established pursuant to section 613(a)(12)).

“(e)(1) A decision made in a hearing conducted pursuant to paragraph (2) of subsection (b) shall be final, except that any party involved in such hearing may appeal such decision under the provisions of subsection (c) and paragraph (2) of this subsection. A decision made under subsection (c) shall be final, except that any party may bring an action under paragraph (2) of this subsection.

“(2) Any party aggrieved by the findings and decision made under subsection (b) who does not have the right to an appeal under subsection (c), and any party aggrieved by the findings and decision under subsection (c), shall have the right to bring a civil action with respect to the complaint presented pursuant to this section, which action may be brought in any State court of competent jurisdiction or in a district court of the United States without regard to the amount in controversy. In any action brought under this paragraph the court shall receive the records of the administrative proceedings, shall hear additional evidence at the request of a party, and, basing its decision on the preponderance of the evidence, shall grant such relief as the court determines is appropriate.

Civil action.

“(3) During the pendency of any proceedings conducted pursuant to this section, unless the State or local educational agency and the parents or guardian otherwise agree, the child shall remain in the then current educational placement of such child, or, if applying for initial admission to a public school, shall, with the consent of the parents or guardian, be placed in the public school program until all such proceedings have been completed.

“(2) that in the administration of the State plan there is a failure to comply with any provision of this part or with any requirements set forth in the application of a local educational agency or intermediate educational unit approved by the State educational agency pursuant to the State plan, the Commissioner (A) shall, after notifying the State educational agency, withhold any further payments to the State under this part, and (B) may, after notifying the State educational agency, withhold further payments to the State under the Federal programs specified in section 613(a)(2) within his jurisdiction, to the extent that funds under such programs are available for the provision of assistance for the education of handicapped children. If the Commissioner withholds further payments under clause (A) or clause (B) he may determine that such withholding will be limited to programs or projects under the State plan, or portions thereof, affected by the failure, or that the State educational agency shall not make further payments under this part to specified local educational agencies or intermediate educational units affected by the failure. Until the Commissioner is satisfied that there is no longer any failure to comply with the provisions of this part, as specified in clause (1) or clause (2), no further payments shall be made to the State under this part or under the Federal programs specified in section 613(a)(2) within his jurisdiction to the extent that funds under such programs are available for the provision of assistance for the education of handicapped children, or payments by the State educational agency under this part shall be limited to local educational agencies and intermediate educational units whose actions did not cause or were not involved in the failure, as the case may be. Any State educational agency, local educational agency, or intermediate educational unit in receipt of a notice pursuant to the first sentence of this subsection shall, by means of a public notice, take such measures as may be necessary to bring the pendency of an action pursuant to this subsection to the attention of the public within the jurisdiction of such agency or unit.

A copy of the petition shall be forthwith transmitted by the clerk of the court to the Commissioner. The Commissioner thereupon shall file in the court the record of the proceedings on which he based his action, as provided in section 2112 of title 28, United States Code.

“(2) The findings of fact by the Commissioner, if supported by substantial evidence, shall be conclusive; but the court, for good cause shown, may remand the case to the Commissioner to take further evidence, and the Commissioner may thereupon make new or modified findings of fact and may modify his previous action, and shall file in the court the record of the further proceedings. Such new or modified findings of fact shall likewise be conclusive if supported by substantial evidence.

“(3) Upon the filing of such petition, the court shall have jurisdiction to affirm the action of the Commissioner or to set it aside, in whole or in part. The judgment of the court shall be subject to review by the Supreme Court of the United States upon certiorari or certification as provided in section 1254 of title 28, United States Code.
